Subject: Interim Storage Partners: Issuance of Final Environmental Impact Statement
Date: Thursday, July 29, 2021 11:38:00 AM

The U.S. Nuclear Regulatory Commission (NRC) staff has completed a Final Environmental Impact Statement (FEIS) for the license application from Interim Storage Partners, LLC (ISP) to construct and operate a consolidated interim storage facility (CISF) for spent nuclear fuel and Greater than Class C radioactive waste in Andrews County, Texas.

The FEIS is publicly available from the NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC website at <http://www.nrc.gov/readingrm/adams.html>. The ADAMS accession number for the FEIS is ML21209A955. The FEIS is also accessible using the following direct link: <https://www.nrc.gov/docs/ML2120/ML21209A955.pdf>. The NRC staff also will be posting a link to the FEIS on the NRC public webpage for the ISP CISF application at <https://www.nrc.gov/waste/spent-fuel-storage/cis/waste-control-specialist.html>.

The NRC notice of the FEIS's availability is expected to appear in the *Federal Register* on August 6, 2021. The NRC also will be filing its FEIS electronically with the U.S. Environmental Protection Agency (EPA), and the EPA will notice its receipt of the FEIS in the *Federal Register* on August 13.

Regards,

The NRC staff
