Dear Ms Clark:

Enclosed is a copy of the revisions to the proposed Louisiana Department of Environmental Quality rules in the Louisiana Administrative Code, Title 33, Part XV, Radiation Protection. The proposed revisions will be made available for public comment on August 20, 2021 with a request for comments by September 28, 2021, at 4:30 p.m. CDT. We request NRC's comments by September 28, 2021. The proposed regulations are identified by ~~strikeout~~/underline and correspond to the following equivalent amendments to NRC's regulations.

<u>RATS ID</u>	<u>Title</u>	<u>State Sections</u>
2018-1	Medical Use of Byproduct Material	102, 328, 331, 706, 712, 718, 719, 732, 735, 739, 741, 747, 750, 762, 763, and 777.
2020-2	Social Security Number Fraud Prevention	710 and 712
2015-3	Revisions to Transportation Safety Req.	1510 and 1520 (Response to NRC Comments)

Additionally, State Sections 613, 708, 742, 743, 744, 745, and 915 are included since changes were made to these sections to more closely align them with NRC regulations.

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200.
