

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

September 3, 2021

James Warden, Director
Office of Nuclear Energy,
Safety & Security Affairs, Room 3320 HST
Bureau of International Security
& Nonproliferation
U.S. Department of State
2201 C Street, NW
Washington, D.C. 20520

Dear Mr. Warden:

Enclosed is an application (XCOM1340) dated August 30, 2021, received by the U.S. Nuclear Regulatory Commission from Technetics Group, LLC, for the export of reactor pressure vessel metal O-ring seals, retaining clips, and seal retaining screws to the four units at Barakah Nuclear Power Plant in the United Arab Emirates (UAE).

We understand that the Executive Branch has accepted the generic assurances previously provided by the UAE for similar exports of components to the UAE. Therefore, the NRC intends to issue this license after the required 30-day review period based on these generic assurances.

Sincerely,

X *Andrea R Jones*

for Peter J. Habighorst

Peter J. Habighorst, Chief
Export Controls and Nonproliferation Branch
Office of International Programs
