Health Physicist

Subject: Response to Request for Additional Information, Mail Control NO. 628367

Dear Mr. Pfingsten:

Thank you for your response and please find with this letter our response for additional information. In your request for additional information, you listed two concerns:

1. Please provide a copy of the RSO training certificate for Ryan Beauregard. I have attached his certificate to this letter.
2. Although no response is required, we did investigate the confusion regarding the license amendment. I have attached a letter from 22 July 2019 requesting the license be amended to change the RSO from Peter Falce to Brett Grunert. I have not found proof that this letter was sent, and I have also not found a response. Peter Falce is still with the company and engaged with the radiation program, but no longer resides in our Hartford, CT office.

Sincerely yours,
HALEY & ALDRICH, INC.

Subject: Change of Radiation Safety Officer
Haley & Aldrich, Inc
Radioactive Materials License No. 06-28529-01

Ladies and Gentlemen:

We are writing to inform you that Haley and Aldrich, Inc. plans, with your approval, to change personnel at the position of Radiation Safety Officer for the above captioned license.

In support of this request we offer the following information:

Our current RSO is Peter A. Falce. Mr. Falce will be replaced by Brett Grunert, P.E. Mr. Grunert holds professional engineering licenses in CT, MA and NY, and has completed Radiation Safety Officer (RSO) training. He has been with Haley and Aldrich for 7 years and has gained considerable field experience in the security and use of portable moisture-density gauges while working with various models of devices as an approved user since his original training in June 2006. He will be advised by the undersigned on licensed operations currently in effect.

All other information in our license will remain unchanged.

Sincerely yours,
HALEY & ALDRICH, INC.

Peter A. Falce
Chief Technician - RSO

Brian Fitzpatrick
Corp RSO
