**Date:** Tuesday, September 28, 2021 1:16:17 PM

---

I told you I would send you a copy of the presentation slides via email. Unfortunately, the file size, if converted to the NRC's profile for uploading is 79 MB, so I saved it as a reduced size file, and attach it to this e-mail. I don't think this is something you'd want in ADAMS, anyway.
