**The NRC Staff Re-opened and Extended the Public Comment Period for Westinghouse Facility Draft Environmental Impact Statement**

On September 20, 2021, the U.S. Nuclear Regulatory Commission (NRC) staff re-opened and extended for 60 days the public comment period for the draft environmental impact statement (EIS) for the license renewal of the Westinghouse Columbia Fuel Fabrication Facility located in Richland County, SC. The draft EIS comment period was originally scheduled to close on September 20, 2021; however, after careful consideration of requests from external stakeholders, the NRC decided to re-open and extend the comment period to allow more time for the public to develop and submit their comments on the draft EIS. The public comment period will now close on November 19, 2021.

**NMSS Staff Held Joint Workshop with the FDA on Regulating Alpha-Emitting Radiopharmaceuticals**

On September 22, 2021, the NMSS staff held a public workshop with the U.S. Food and Drug Administration on developing and regulating novel alpha-emitting radiopharmaceuticals. The workshop was widely attended by more than 600 representatives of medical institutions, medical professional societies, the radiopharmaceutical industry, other Federal agencies, and Agreement State regulators, plus international medicine, industry, and government attendees. The workshop is archived by date on the NRC's Webcast portal at: <https://video.nrc.gov/#archivedwebcasts>.
