Re: Docket ID NRC-2020-0234

Dear Sirs,

The Town Council of the Town of Orange requested I respond to the request for comments regarding an additional 20 years of operation for the North Anna Power Station Units 1&2. These units have been beneficial to the economic well-being of the Town even though we are located in an adjacent county. Several of our citizens are employed by the station's units and the loss of employment at this location would be detrimental to the well-being of the Town.

While we do not receive direct revenues from property taxes from the units, we benefit from the station's proximity by employees living, shopping and eating in the Town. Children of these employees do attend our county's schools and are involved in activities that enhance the community.

We thank you for allowing our comments as we do support renewal of the station's units for an additional 20 years.

Sincerely,

TOWN OF ORANGE

Gregory S. Woods  
Town Manager

GSW/wjc
