

## **APPENDIX 5C**

### **5C STUDY OF THE EFFECTS OF MISLOCATED VERTICAL TENDONS**

Appendix 5C, Mislocated Tendon Study, is historical information about the construction phase of the plant. Appendix 5C has been removed from the Safety Analysis Report and has been sent to Plant History. An image of the contents of the appendix can be accessed in the NORMs Records System under Document ID (DOC ID) "Appendix-5C."
