Subject: [External_Sender] Re: Please send an email requesting license termination
Date: Tuesday, October 12, 2021 6:07:18 AM

Good Morning

Through this electronic letter, I request the cancellation and/or termination of the license and/or licensee to possess radioactive material and / or radioactive emitting equipment such as soil density meters. With this cancellation request I terminate the relationship of licensee-NRC. Please proceed to cancel the Western Soil, Inc. License.

Kindly Regards,

Max Laracuate
787-636-3288

Mr. Laracuate,

To process a license termination, we need a communication from the licensee asking for a license termination. As long as you have an NRC license, you are subject to license fees.

Even though we dismissed the enforcement action, we will be forced to initiate another enforcement action for the failure to pay license fees.

All you have to do it send an email asking for your license to be terminated. It is that simple.
