Good morning Don, Riley,

As we discussed during the inspection exit, no violations were identified during the inspection and I have attached the inspection report.

After my Branch Chief signs this report, I will make it a publicly available safety record for review in the NRC's Agencywide Documents Access and Management System (<u>ADAMS</u>) online database. You may keep this copy for your records. I would appreciate an email confirming receipt.

Thank you very much,

Jason Dykert Health Physicist Division of Nuclear Materials Safety US NRC Region IV
