Brian,

I am assigned this action for review. I do have to get the letter sent for a 30-day posting period, which may not happen until tomorrow (our Admin staff has to work some magic on it first.) However, I will begin my review and draft a letter for review by our legal staff so that all other work should be completed by the time the 30-day posting is completed.

Betsy,

We intend to complete the transfer soon, depending on the outcome of the NRC and PA DEP reviews.

The main question is whether we can commence the sale while the transfer of control is pending.

As stated in the proposal, the transferors will still be employees of the company.

Any help is appreciated.

Mr. Lowe,

Your amendment request was not yet assigned for review. In general, we assign action in the order in which they are received. There is no listed date of the intended transfer in your letter. If the transfer is intended to be soon, please let us know if we need to make this a higher priority. Please note that we do have to post the intended transfer for 30 days prior to issuing any approval of the transfer and amendment the license, and that we usually need about 90 days to complete the entire process for approval.

Please contact me if you have any additional questions.
