Dear Ms. Anderson, Mr. Atwood, and Mr. Powell:

Thank you for your letters transmitting industry's feedback on the NRC staff's consideration of IEEE Std 1819-2016 for endorsement. After discussing your letters with members of the staff, we have determined that it would be beneficial to hold a public meeting to further discuss the staff's consideration of the subject standard for potential endorsement with industry and other interested stakeholders. We anticipate having this public meeting during the first quarter of calendar year 2022.

Thank you for your input and perspective. The NRC appreciates the open dialogue, and we are looking forward to our further discussions during the public meeting.

Sincerely,

/RA/

Louise Lund, NRC Standards Executive
