Mr. Mikowski:

I reviewed the attachments and have two questions.

1. We could not find the attachment discussed in the response for Item 5 (medical license issued by Indiana for each proposed authorized user).
2. After Richard Green, M.D. be removed from the license by your request, it appears that there will be no authorized users on the license for the use of 10 CFR 31.11 material for in-vitro studies. If you would like to remove 10 CFR 31.11 from the license, please state and confirm that you have no possession of 10 CFR 31.11 under this license.

Please provide a response in writing with signature and date and reference Mail Control No. 626966. Let me now if you have any questions.

Thank you,

Frank Tran
