Mr. Roger Spillmann,

I'd like to thank you for your time today and your patience and efforts during the NRC remote inspection of Clear Path Technologies from August 10 through 12, 2021. As I explained during our exit briefing today, the NRC has determined that no violations of greater-than-minor significance were identified. The attached NRC Inspection Report (NRC Form 591M) documents the results of the inspection. This does not require you to take any action and you are not required to sign the document or return it. I do however request a courtesy email response from you acknowledging receipt.

Though the inspection is concluded with the transmission of this email and attached report, please note that I stand ready to assist you with your communications with the NRC financial teams.

If you have any questions or concerns, please do not hesitate to contact me,
