Tier / Group	Randomly Selected K/A	Reason for Rejection
Tier 1 / Group 1 RO 15	00065AA1.02 Went to 00065AA1.02	Unable to write a psychometrically sound RO level question based on no plant equipment/component which minimized drain on the instrument air system. Based on discussion with the Chief Examiner Randomly re-selected 00065AA1.05
Tier 1 / Group 1 SRO 80	000062AA2.06 Went to 000062AA2.02	Unable to write a psychometrically sound question at the SRO level based on plant documents not identifying time after loss of SWS flow before a component will be damaged. Based on discussion with the Chief Examiner Randomly re-selected 000062AA2.02
Tier 2 / Group 1 RO 36	008000A2.03 Went to 008000A2.04	Unable to write an operationally valid and discriminating question with a tie to a high/low CCW temperature based on procedure layout and questions and areas already sampled on the exam. Based on discussion with the Chief Examiner Randomly re-selected 008000A2.04
Tier 2 / Group 1 SRO 90	078000G2.1.32 Went to 078000G2.1.7	Unable to write an operationally valid and discriminating question with a tie to a procedural system precaution or limitation at the SRO level. Based on discussion with the Chief Examiner Randomly re-selected 078000G2.1.7
Tier 2 / Group 1 RO 40	013000K4.05 Went to 013000K4.19	System does not exist at a PBNP Based on discussion with an exam team member Randomly re-selected 013000K4.19
