To Whom It Might Concern:

On September 22, 2021, NRC Form 313 was submitted to the USNRC requesting that the license for BHP Enterprises, Number 11-27365-01, Docket No. 030-32307, be amended to a "holding only" license to afford more time to dispose of the Company's sealed sources.

Thanks to some very helpful and efficient people, on October 21, 2021, the sources were picked up for disposal and hauled away. NRC Forms 314 and 540 have been filed to document this transaction.

I am asking, via this letter, that the request to amend the license to a "holding only" be discarded and that the license be terminated. Although necessary, this has not been an easy decision to make.

Thank you for your consideration.

Sincerely,

Evelyn Peterson

BHP Enterprises

Hi Carol,

This is the termination request for BHP Enterprises. It should be non-public A.5 PII in Adams because she put her cell number in there.

BHP currently has an amendment to become to possession only license open in WBL. What would be easier, converting that control no. (628747) to a termination, or voiding that action and referencing this new termination request as a new control no.? I will defer to you and Michelle and Roberto on that, but please assign this to me, since I have been working with this lady the whole time, and she is comfortable with me and knows my number, etc.

Thanks!

Casey
