SUPPLEMENTARY INFORMATION: On November 5, 2021 (86 FR 61047), the NRC published a direct final rule amending its regulations in part 72 of title 10 of the *Code of Federal Regulations* to revise the TN Americas LLC, TN-32 Dry Storage Cask listing in the "List of approved spent fuel storage casks" to renew, for an additional 40 years, the initial certificate and Amendment No. 1 of Certificate of Compliance No. 1021. The renewal of the initial certificate and Amendment No. 1 of Certificate of Compliance

No. 1021 revises the certificate of compliance's conditions and technical specifications to address aging management activities related to the structures, systems, and components of the dry storage system to ensure that these will maintain their intended functions during the period of extended storage operations. In the direct final rule, the NRC stated that if no significant adverse comments were received, the direct final rule would become effective on January 19, 2022. The NRC did not receive any comments on the direct final rule. Therefore, the direct final rule will become effective as scheduled.

Dated: December 9, 2021.

For the Nuclear Regulatory Commission.
