Hello Bill,

Thank you for the clarification, I missed that there was a pending licensing action for Deaconess Hospital. I will review the information submitted and reach out you if there is any additional clarification required.

Thank you,

Laura,

I checked with Deaconess Hospital. License # 13-00142-02, they submitted Dr. Carson's information amendment to the NRC on 7-19-2021. I assume that his information is still under review with the commission. If Dr. Carson cannot be verified, please remove his name and proceed with the other two Dr's.

Thank You,
Bill

Subject: Pending NRC License Amendment Request - Additional Information Required

Hello Mr. Gooch,

I am currently processing your NRC license amendment request dated August 11, 2021. In reviewing your request I was able to verify Daniel Riherd, M.D. and Pavel Morozov, M.D. are listed as Authorized Users on NRC License No. 13-00142-02, but James Carson, M.D. is not listed as an authorized user on this license. I also did a broader search for Dr. Carson and could not identify that he has ever been listed as an Authorized User on any NRC license.

Is it possible that Dr. Carson is actually listed as an Authorized User on an Agreement State license? If not, training and experience records will need to be provided for Dr. Carson in accordance with the requirements of 10 CFR 35.290 if you wish to move forward with naming him as an Authorized User.

Please reach out to me with any questions.

Thank you,
Laura
