Subject: RAI Discussion

Discussion: Call was held to clarify licensee’s request for increase material on their license. The RSO stated that they currently have 7 fixed Ohmart SH-FX series gauges and have an 8th tanks that need a gauge. They are planning to add the Vega Vegasource81 model gauge. Licensee is looking to switch all their SH-FX gauges to Vega models as replacements are necessary.

I told the licensee that the Vega gauges would be listed as a separate line item on the license and would have their own authorized possession limit. The licensee said to add authorization for two gauges (20mCi per gauges) for a total of 40 mCi.

I told the licensee that as they start replacing the SH-FX gauges, to make sure they request a license amendment to ensure they have enough authorized material for the Vega gauges.

Action Required: Issue amendment.
