SUPPLEMENTARY INFORMATION:

I. Background

On August 12, 2021, the NRC published a notice in the *Federal Register* informing the public that it will consider in the rulemaking process the issues raised in a petition for rulemaking regarding reporting requirements for nonemergency events at

nuclear power plants (86 FR 44290). The NRC is in the early stages of developing a regulatory basis document that will analyze the regulatory issues, alternatives to resolve those issues, and the NRC staff's recommended alternative. The NRC will consider the information shared at the meeting in the development of the regulatory basis document.

II. Public Meeting

The public meeting will be held on December 9, 2021, from 2:00 p.m. to 4:00 p.m. (ET). Interested stakeholders may attend via telephone or online seminar. The purpose of the meeting is to provide background and status information on this rulemaking activity and to obtain stakeholder input to enhance the NRC's understanding of the associated issues. The NRC will not provide formal written responses to the oral comments made at this meeting.

Information for the teleconference and online seminar is available in the meeting notice, which can be accessed through the NRC's public website at:

<https://www.nrc.gov/pmns/mtg> or in ADAMS under Accession Number ML21323A177.

If you would like to make a presentation during this meeting, please call or email the meeting contact prior to the meeting.

Dated: November 23, 2021.

For the Nuclear Regulatory Commission.
