Subject: Topical Report on Methodology for Fuel Qualification - Requests for Additional Information

Reference: [1] NRC Letter, "Holtec International Topical Report on Methodology for Fuel Qualification (CAC: A33009, Docket No. 72-1014, EPID: L-2021-LLT-0003) – Request for Additional Information," letter from C. Jacobs (NRC) to K. Manzione (Holtec) dated November 3, 2021

Dear Mr. Jacobs:

Holtec appreciates the staff's on-going review of the Topical Report on Methodology for Fuel Qualification and has received the requests for additional information [1]. Because the RAIs ask for a large amount of detailed technical information and due to the timing, Holtec will not be able to meet the 30 day schedule in the letter. Holtec plans on submitting the responses by the end of January 2022.

If you have any questions, please contact me at 856-797-0900 ext 3951.

Sincerely,

A handwritten signature in blue ink that reads "Kim Manzione".
