Good Afternoon,

As I was processing your response to my request for additional information (RAI) I realized that I made a mistake in my original RAI. I meant to say 10 CFR **31.11** materials. I will add the authorization for 10 CFR 31.11 materials to both doctors. My apologies.

Regards,

Good Morning,

This is in reference to letter dated October 12, 2021 in which you request the removal of three authorized users (AUS), Drs. Galliber (spelled Galiber on the license), Hughes and Kim. NRC License No. 55-17986-01 authorizes, among other materials, the possession and use of any byproduct material permitted by 10 CFR 35.11. The AUs requested to be removed are the only authorized for 35.11 on the license. If you wish to continue using 10 CFR 35.11 materials you should request other AUs remaining on the license be authorized for these materials. Or, alternatively, you may request 10 CFR 35.11 authorization be removed from your license.
