**SUBJECT: REQUEST FOR PRESENTATION AT NUCLEAR REGULATORY COMMISSION
REGION I 2021 WINTER SEMINAR**

Dear Mr. Helton:

Thank you for accepting our invitation to address the Nuclear Regulatory Commission Region I staff during our Regional Seminar December 7-9, 2021. The seminar theme is "Back Together Again." We understand that you will be discussing "Data-Driven Decision Making in Safety and Mission Assurance" on Tuesday, December 7, 2021. You are scheduled to present from 12:45 P.M. through 1:45 P.M., which includes time to respond to questions. We will send you a complete schedule as soon as it is available.

Jonathan Pfingsten will be your primary contact. He can be reached at (610) 337-5170 or Jonathan.Pfingsten@nrc.gov. He will contact you to finalize your specific audio/visual needs, so that equipment will be ready for you. We request that you provide us any electronic presentation by November 30, 2021, so that we may pre-load it. If you have hand-outs that need to be distributed, please provide those by November 30, 2021, as well.

You previously indicated that travel reimbursement was not necessary for your presentation. If this is no longer correct, please inform us as soon as possible.

We appreciate the time and effort you put into making this presentation to our staff. If you have any questions concerning this invitation or your presentation, and cannot reach your contact person, please feel free to contact Tamara Bloomer at 610-337-5308 or at Tamara.Bloomer@nrc.gov.

Sincerely,

Blake Welling
Division Director
Division of Radiological Safety and Security
