**SUBJECT: REQUEST FOR PRESENTATION AT NUCLEAR REGULATORY COMMISSION
REGION I 2021 WINTER SEMINAR**

Dear Ms. Forney

Thank you for accepting our invitation to address the Nuclear Regulatory Commission Region I staff during our Regional Seminar December 7-9, 2021. The seminar theme is "Back Together Again." We understand that you will be discussing "A Cautionary Tale: Lessons Learned From Pennsylvania's House of Horrors" on Tuesday, December 7, 2021. You are scheduled to present for 30 minutes in the 0930-1030 A.M. divisional breakout session timeslot, which includes time to respond to questions. We will send you a complete schedule as soon as it is available.

Jonathan Pffingsten will be your primary contact. He can be reached at (610) 337-5170 or Jonathan.Pffingsten@nrc.gov. He will contact you to finalize your specific audio/visual needs, so that equipment will be ready for you. We have received a copy of your presentation. We request that you provide us any updates to your electronic presentation, if necessary, by November 30, 2021, so that we may pre-load it. If you have hand-outs that need to be distributed, please provide those by November 30, 2021, as well.

You previously indicated that travel reimbursement was not necessary for your presentation. If this is no longer correct, please inform us as soon as possible.

We appreciate the time and effort you put into making this presentation to our staff. If you have any questions concerning this invitation or your presentation, and cannot reach your contact person, please feel free to contact Tamara Bloomer at 610-337-5308 or at Tamara.Bloomer@nrc.gov.

Sincerely,

Blake D. Welling, Director
Division of Radiological Safety and Security
