---

Mr. Snider,

By letter dated June 7, 2021 (Agencywide Documents Access and Management System (ADAMS) Package Accession No. ML21158A193), as supplemented by letters dated October 22, 2021 (ADAMS Accession No. ML21295A035), October 28, 2021 (ADAMS Accession No. ML21302A208), and November 11, 2021 (ADAMS Accession No. ML21315A012), Duke Energy Carolinas, LLC (Duke Energy) submitted to the U.S. Nuclear Regulatory Commission (NRC or staff) an application to renew the Renewed Facility Operating License Nos. DPR-38, DPR-47, and DPR-55 for the Oconee Nuclear Station (ONS), Units 1, 2, and 3. Duke Energy submitted the application pursuant to Title 10 of the *Code of Federal Regulations* Part 54, "Requirements for Renewal of Operating Licenses for Nuclear Power Plants," for subsequent license renewal.

The NRC staff is in the process of reviewing your application. Based on our review, the NRC staff has identified the attached requests for additional information (RAIs). The staff held clarification calls with members of your staff on November 18, 2021 and November 22, 2021. As a result of the November 22, 2021 clarification call, RAI 4.3.3-3 was modified.

The schedule for your response to these RAIs were discussed with Paul Guill of your staff, and a mutually agreeable date for the response is within 45 days from the date of this email.

If you have any questions, please contact me by e-mail at [Angela.Wu@nrc.gov](mailto:Angela.Wu@nrc.gov).

Sincerely,

Angela Wu, Project Manager  
Division of New and Renewed Licenses (DNRL)  
Office of Nuclear Reactor Regulation (NRR)  
U.S. Nuclear Regulatory Commission (NRC)
