Subject: [External_Sender] Western Nuclear Split Rock - DOE LTS&M annual cost estimate
Date: Monday, November 29, 2021 7:57:11 PM
Attachments:

Tom,

Please see attached version for public availability of the May 2021 indirect cost description to support the publicly available DOE LTS&M annual cost estimate.

Additionally, I want to clarify that the DOE LTS&M annual cost estimate assumes an NRC inspection occurs once every 5 years after transition.

Regards,
Nicole
