SUBJECT: BWRVIP Docket No. 99902016 – BWRVIP 2020 Inspection Summaries

Enclosed is one (1) copy of the document entitled “BWR Vessel and Internals Project, Vessel Internals Inspection Summaries for 2020 Outages, November 2021.”

The information provided in the enclosed document identifies the BWR internal components inspected and generally includes the date or frequency of inspection, the inspection method used and a summary of results including repair or replacement activities. The enclosed document is being provided to the NRC for information only.

The information contained in the enclosed document was developed by the individual utilities and has been compiled into the enclosed document by the BWRVIP. The BWRVIP plans to continue to gather such information and to provide periodic updates such as in the enclosed document.

Representatives of the BWRVIP would be pleased to meet with the NRC staff to discuss any comments or questions related to the enclosed document. If you have any questions on the enclosed document or the general subject of inspection results, please contact Wynter McGruder at EPRI by telephone at 704.595.2205 or by e-mail at [wmcgruder@epri.com](mailto:wmcgruder@epri.com).

Sincerely,

Tim Hanley, Exelon, BWRVIP Chairman
