Subject: [External_Sender] WNI/NRC Public Meeting Agenda Topics
Date: Wednesday, December 1, 2021 4:36:20 PM
Attachments:

Greetings,

As committed, please find attached the WNI input for the December 14, 2021 public meeting. We have worked to narrow and focus the agenda topics to coincide with the time allotted and to fully understand the review schedule which is extremely important. We thank you for processing this information. Please advise of any questions. We look forward to meeting with the NRC staff and to working together to resolve any remaining issues associated with the Split Rock site.
