Dear Casey,

Thank you for reviewing Worthington, Lenhart & Carpenter, Inc.'s Nuclear gauge license No. 49-27067-01.

As We discussed earlier, WLC would prefer to keep the availability to have up to seven (7) gauges even though we currently only have five (5) Troxler moisture/density gauges.

Also, Thank you for asking rather than just reducing the quantity, Very much appreciated.

Have a great day and Wonderful Christmas.

Greg I spoke to the senior reviewers in my branch, and it needs to be more official of a digital signature than that. Can you please either send a letter with a hand written signature or use the pdf digital one?

Thanks!  
Casey
