Subject: Submittal of Integrated Initial License Training Examination Materials

Enclosed are the examination materials, which Byron Station is submitting in support of the initial license exam scheduled for the weeks of September 27th – October 12th, at the Byron Station.

This submittal includes the Senior Reactor Operator and Reactor Operator Written Examinations, Job Performance Measures, and Integrated Plant Operation Scenario Guides.

These examination materials have been developed in accordance with NUREG-1021, "Operator Licensing Examination Standards for Power Reactors," Revision 11. Please note that reference materials are attached to each individual examination question or item.

Some minor modifications have been made to the Integrated Examination Outline with regards to the operational scenarios in order to improve balance and content. These changes improve examination quality and are in compliance with NUREG-1021, Revision 11, "Operator Licensing Examination Standards for Power Reactors."

Some modifications or adjustments to the examination material may be required due to procedural changes.

In accordance with NUREG-1021, Revision 11, Section ES-201, please ensure that these materials are withheld from public disclosure until after the examinations are complete.
