Dear Mr. Aurand:

This refers to the letters dated January 14, 2021 (ML21019A245), April 12, 2021 (ML21103A376), July 26, 2021 (ML21214A258) and September 20, 2021 (ML21280A037) concerning the temporary relocation of some of your nuclear medicine facility areas for renovation at the Cadillac, Michigan location listed in Condition No.10.C. in Amendment No. 63 to your NRC License No. 21-08317-01 dated November 19, 2021. This amendment was transmitted to you previously on November 22, 2021.

The above letters were originally processed into our offices under Control No. 624315. The provisions in 10 CFR 35.13 and 35.14 applied to these temporary changes and it is our understanding that the renovation project has concluded.

In the interest of licensing economy, we instead incorporated these letters and their review into our review for Control No. 623017 and Amendment No. 63 above. Since the review of your letters has concluded and the letters have been added to Condition No. 16 of your license, we have administratively closed the request under Control No. 624315.

If you have any questions, please contact me at (630) 829-9841. My email address is colleen.casey@nrc.gov and my fax number is (630) 515-1078. In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.
