Subject: 10 CFR 2.206 Petition - Interim Storage Partners SNM-2515

Good morning,

This e-mail is to inform you that I will be the Petition Manager for your December 20, 2021, petition. I will keep you informed of the status as the evaluation of your petition progresses. Please feel free to contact me with any questions about the process and/or the status of the petition review at any time.

In your petition you requested that the Nuclear Regulatory Commission (NRC) revoke its Record of Decision and issuance of Interim Storage Partners Consolidated Interim Storage Facility Materials License No. SNM-2515 to construct and operate a facility to store high-level radioactive nuclear waste. The NRC staff has concluded that your petition has screened into the 2.206 process in accordance with Section II.A.2(d) of NRC Management Directive (MD) 8.11 "Review Process for 10 CFR 2.206 Petitions" (Agencywide Documents Access and Management System (ADAMS) Accession No. ML18296A043) and a Petition Review Board will begin its evaluation.

Following review in accordance with Sections II.B.1 of MD 8.11, the NRC staff has concluded that there is no imminent safety concern related to the issuance of License No. SNM-2515 that warrants immediate action.

As the PRB begins its evaluation I would like to ensure that you are aware that because the 2.206 petition process is a public process, the petition and all the information in it, including your identity, will be made public.

Thanks,

Perry Buckberg
