Date(s) and Time(s): January 26, 2022, 02:00 PM to 04:00 PM ET

Location: Webinar

Category: This is a Comment-Gathering Meeting. The purpose of this meeting is for NRC staff to meet directly with individuals to receive comments from participants on specific NRC decisions and actions to ensure that NRC staff understands their views and concerns.

Purpose: The purpose of this meeting is to hear information and receive perspectives from industry and external stakeholders with the intent to identify lessons learned and best practices from the COVID-19 public health emergency (PHE) that could be beneficial for routine use and for future events that limit or prevent access to nuclear power plant sites. The team would like to develop a shared understanding of what practices worked, how effective they were, and the short- and long-term implications of their use during the PHE.
