

EMERGENCY PREPAREDNESS EXERCISE INSPECTION REQUEST FOR INFORMATION

The U.S. Nuclear Regulatory Commission (NRC) will perform a baseline Emergency Preparedness exercise inspection at your facility during the period listed in Attachment 1. The inspection will evaluate activities in the Emergency Preparedness cornerstone using NRC Inspection Procedures (IPs) 71114.01, "Exercise Evaluation"; 71114.04, "Emergency Action Level and Emergency Plan Changes"; and the Emergency Preparedness sections of 71151, "Performance Indicator Verification." Prior to the onsite inspection period, inspectors will review the proposed exercise scenario using IP 71114.08, "Exercise Evaluation – Scenario Review."

Experience has shown that this inspection is resource-intensive for both the NRC inspectors and your staff. To minimize the impact to your onsite resources and to ensure a productive inspection, we have enclosed a request for documents needed for this inspection (Attachment 2). It is important that these documents are up-to-date, and complete, to minimize the number of additional documents requested during the preparation, and/or the onsite portions of the inspection.

If there is a need to revise your scheduled dates, or questions about this inspection or the material requested, please contact the lead inspector, Steven Sanchez at 404-997-4418 (Steven.Sanchez@nrc.gov), or the Operations Branch 2 Branch Chief, Eugene Guthrie at 404-997-4662 (Eugene.Guthrie@nrc.gov).

This letter and its enclosure will be made available for public inspection and copying at <https://www.nrc.gov/reading-rm/adams.html> and at the NRC Public Document Room in accordance with 10 CFR 2.390, "Public Inspections, Exemptions, and Requests for Withholding."

PAPERWORK REDUCTION ACT STATEMENT

This letter does not contain new or amended information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). Existing information collection requirements were approved by the Office of Management and Budget, control number 3150-0011.

PUBLIC PROTECTION NOTIFICATION

The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information or an information collection requirement unless the requesting document displays a currently valid Office of Management and Budget control number.

EMERGENCY PREPAREDNESS EXERCISE INSPECTION DOCUMENTS

Inspection Procedures (IP's):	IP 71114.01	Exercise Evaluation
	IP 71114.04	Emergency Action Level and Emergency Plan Changes
	IP 71114.08	Scenario Evaluation
	IP 71151	Performance Indicator Verification

Note: Provide Corrective Action Program (CAP) entries relating to each section below (exercises, PI's, EAL & E-Plan changes, etc.) since the last exercise inspection (including those written by Corporate). To help support the pre-exercise scenario review, provide the items under IP 71114.08 as early as practical, but no later than 45 days prior to the exercise. However, this should not preclude submitting the scenario per 10 CFR 50.4. Electronic media is preferred, if readily available (the preferred file format is Word or searchable ".pdf" files on CERTREC). *[Note that the inspectors cannot accept data provided on USB or "flash" drives due to NRC IT security policies.]* Please organize the information as it is arranged below (e.g., a folder labeled "71151 PIs," or "Miscellaneous," etc.). It is not the intent that large or burdensome data be scanned for this purpose (e.g., Performance Indicator documents). This data will be inspected using original documentation. The current version of these documents is expected unless specified otherwise. If there are questions regarding the documents requested, please do not hesitate to contact the lead inspector.
