Subject: [External_Sender] WNI Follow Up to Public Meeting Discussion

Greetings,

I want to make you aware that WNI is finalizing a letter for submission to the NRC summarizing its views on how the LTCP for the Split Rock site should be calculated in consideration of how six other Title II sites have been evaluated and assigned a long-term cost figure. WNI believes this to be consistent with the October teleconference and then the recent public meeting as well. We thank you and the staff for the ongoing review and WNI looks forward to continuing to work with the NRC staff. You can expect the incoming letter to arrive next week.

Can you please give me Jane's e-mail address and the best telephone contact number for both you and her. The letter will be sent to Jane with you as cc. Thanks very much.
