Re: License No. 24-35149-01

Dear Mr Parker:

We confirm that we want all isotopes; H-3, C-14, P-32, and S-35, removed from our radioactive material license. We should only have the use of I-125 remaining in building 15.

If additional assistance is needed, please contact James Hatten directly by e-mail, jhatten@sahci.com, or by cell phone, (815) 370-6538. We appreciate your actions on this request and will do our best to respond as quickly as possible.

Yours sincerely,

James C. Hatten

Mr Parker

The letter we discussed to remove the other isotopes that are no longer required for building 15 is attached.

Let me know if you need anything further

Thanks for your support

Hey Martha and Sandy,

Please add the attached letter to ADAMS for CN629363 – Eurofins. I need it to complete an action for them. I have also attached a 665 for it.

Thanks.

Bryan
