Frank,

Please add 10 CFR 35.100 back under Dr. Lynn Carlton and 10 CFR 35.100 under Dr. Achenkunju George as the authorized users. Dr. Carlton and Dr. George are already authorized users on our NRC license for 35.300 or 35.200 uses and they both satisfy the training requirements for doing 35.100 listed in 10 CFR 35.190(b) which states:

“Is an authorized user under §§ 35.290, 35.390, or equivalent Agreement State requirements;”

I apologize for the misunderstanding and hope that we can get this cleared up. Thank you for your time.

Sincerely,

A handwritten signature in blue ink that reads "Tom Keller".

Frank,

Good morning and thank you for your help with our license. When we talked to our physicist about 10 CFR 35.100 on item 6.A, there was a misunderstanding on which part that needed to be removed. After consulting with our physicist, we have made a new letter and changed things. He said that the form you gave us didn't give an option for an authorized user already under 10 CFR 35.200 or 10 CFR 35.300 to be added as a 10 CFR 35.100. Please see if the attached letter will be adequate enough for the change we are needing to have made. Thank you again for your time and let us know if there is anything else that we can do to get this fixed.

Sincerely,
