Re.: Exelon Generation Company, LLC- License Transfer to Constellation Energy Generation, LLC

To whom it may concern:

This letter confirms that Nuclear Electric Insurance Limited is willing to write a Primary Property and Decontamination Liability Policy for the interest of Constellation Energy Generation, LLC in the Quad Cities Generating Station, subject to the payment of premium. A Primary Property and Decontamination Liability Policy will be effective upon close of the transfer of the facility license from Exelon Generation Company, LLC.

The limits on the above referenced policy will satisfy the NRC required minimum insurance limit of \$1.06 billion for this site.

This commitment to write a Primary Property and Decontamination Liability Policy for Constellation Energy Generation, LLC for a twelve-month policy period remains valid through February 14, 2022. If the asset transfer takes place after that date, we will review the circumstances before re-stating our commitment.

Sincerely,
