Good morning,

I have reviewed requests dated 10/20/21 and 10/25/21 for NRC consent to transfer of the subject license to Norton Healthcare -Indiana, Inc.(NHI) and to change the name. Per the NRC process, I need to post the information for public comment for a period of 30 days. Please let me know if your letter dated 10/20/21 contains any confidential/non-public information (e.g. the current structure and the future structure diagrams). If so, please provide a redacted copy of the letter.

Further, in your letter dated 10/20/21, you stated that NHI operates a network of health care facilities and is experienced in providing for the safe handling of radioactive materials. Please provide the names of healthcare facilities and the NRC/Agreement State license numbers. Please provide the information in a signed and dated letter. You may submit the letter directly to me via email.

Thank you
