Re: 2021 Annual Summary of the Green Mountain Power Special Nuclear Committee

Dear Sir or Madam:

By Orders dated June 15 and September 21, 2012, respectively (ADAMS Accession Nos. ML121300472 and ML12228A335), the Nuclear Regulatory Commission approved license transfers resulting from Gaz Metro Limited Partnership's ("Gaz Metro")<sup>1</sup> acquisition of Central Vermont Public Service Corporation ("CVPS") and subsequent merger of CVPS with Gaz Metro subsidiary Green Mountain Power Corporation ("GMP"), with GMP the surviving company.

As committed in the Negation Action Plan established by GMP as part of the transaction, the committee transmits herewith the 2021 Annual Summary of the Special Nuclear Committee of the GMP Board of Directors.

Should you have any questions, please contact me.

Sincerely,

Carolyn Browne Anderson
