SUBJECT: OFFERING TRIBAL CONSULTATION CONCERNING INDIANA'S REQUEST  
FOR AN AGREEMENT UNDER SECTION 274 OF THE ATOMIC ENERGY ACT

Dear Chief Cook:

The purpose of this letter is to offer the opportunity for the Ottawa Tribe of Oklahoma to consult with the U.S. Nuclear Regulatory Commission (NRC) concerning Indiana's request for an Agreement under Section 274 of the Atomic Energy Act, in accordance with the NRC's Tribal Policy Statement.<sup>1</sup> The State of Indiana submitted a letter of intent on June 11, 2021,<sup>2</sup> to notify the NRC that it is interested in pursuing an Agreement with the NRC to assume regulatory authority over specified radioactive materials and activities. By letter dated October 15, 2021,<sup>3</sup> the NRC informed the Ottawa Tribe of Oklahoma of the State of Indiana's letter and stated that the NRC would keep you informed as the State of Indiana's application moves through the review process.

The NRC offers to consult with the Ottawa Tribe of Oklahoma in accordance with the NRC's Tribal Policy Statement because the proposed Agreement could have a substantial direct effect on the Tribe by changing the relationship between the NRC and the Tribe since the National Environmental Policy Act and National Historic Preservation Act tribal consultation provisions do not apply to Agreement State licensing actions. The NRC's tribal liaisons (TLs) will serve as the primary points of contact during this process, along with the NRC Project Manager for the Indiana Agreement. The NRC will be offering this opportunity to all the Tribes on the enclosed list.
