Hello Doug,

DOE concurs with the updated SER and follow-up edits that you plan to incorporate into the Final SER. In the next week or two, DOE will send over a list of minor suggestions for the Licensee to include in the final design documents.

Thanks again for the opportunity to review the updated SER and for the entire interagency team's availability to discuss.

Bill

All –

Following up on our discussion from earlier today; I've attached three documents to this email:

The three files are:

- Word version of final DOE comments on SER.docx (will become Appendix A to Rev 1 of the SER)
- UNC comments on SER.docx (will become Appendix B to Rev 1 of the SER)
- Safety Evaluation Report Rev 1 all changes.docx – showing all changes made

Feel free to forward on to anyone from the group that I missed.

We're not seeking more comments, but if something is misrepresented or mischaracterized, let us know. We're also available for a follow up discussion.
