RE: AMENDMENT TO LICENSE NO. 49-19477-01

Dear Mr. Torres:

This letter transmits information to amend our Materials License (No. 49-19477-01). This license is for nuclear density gauges that are stored and used in our offices. In general, changes to our license need to be made to show that we are adding Rami A. Ksaibati as a Radiation Safety Officer (RSO).

A list of Inberg-Miller Engineers' RSOs was transmitted in response to NRC Form 313, Item 7 on December 7, 2012. This list is expanded to include Mr. Ksaibati and is attached. The office Area of Responsibility is also revised for Glen M. Bobnick. Also refer to his Portable Nuclear Gauge Safety and US DOT Hazmat Certification, which is also attached.

Please feel free to contact us at 307-856-8136 with any questions or need for additional information regarding these requested changes to our license.

Sincerely,

INBERG-MILLER ENGINEERS

Glen M. Bobnick
Radiation Safety Officer/Vice President
