(North Trend Expansion Project)  
Docket No. 40-8943-MLA; ASLBP No. 07-859-03-MLA-BD01

Dear Administrative Judges:

On May 7, 2018, the Atomic Safety and Licensing Board directed the NRC Staff to provide quarterly status updates, starting on July 2, 2018, regarding the status of the review process for the Crow Butte Resources (CBR) North Trend Expansion Area (NTEA) license amendment application.<sup>1</sup> There has been no change in status since the Staff's previous report in July 2021. The review of the NTEA application remains suspended at CBR's request, and, accordingly, the NRC Staff is unable to provide estimated completion dates for the draft or final environmental review documents at this time.

Respectfully submitted,

**Signed (electronically) by**
