Please accept this letter as a request to modify the Nuclear Regulatory Commission license for Community Health Network in Indianapolis, Indiana.

1. Please increase our possession limit for any byproduct material permitted by 35.300 to 3000 mCi (3 Ci.) This is in anticipation of our increased volume of patients due to the recent FDA approval of Lu-177 PSMA in addition to our current volume of I-131 and Lu-177 patients.
