ATTENTION TO: Chris Einberg, Chief, Medical Safety & Events Assessment Branch, Mail Stop T5B60
SUBJECT: *REVISION 3/25/22* RESPONSE TO U.S. NUCLEAR REGULATORY
COMMISSION IN REGARDS TO REQUEST FOR INFORMATION AND COPY
OF CERTIFICATION FROM THE AMERICAN BOARD OF HEALTH PHYSICS

Dear Michael Layton,

This letter serves as an official response to the request dated February 14, 2022 from the U.S. Nuclear Regulatory Commission to confirm details of certification from the American Board of Health Physics.

The responses to the specific questions included in that request are as follows:

1) Please submit a sample of the certificate that was issued in 2006 with the words “Not Valid,” written across it as a watermark.

A sample certificate from 2006 is attached with watermark included.

2) If you have issued any newer version(s) from 2006 to present with changes to the certificate, please send the NRC a copy of these certificates.

A sample certificate template from 2021 is attached with watermark included. This version of the certificate has been in use since 2018.

3) Confirm that the specialty board still satisfies the board recognition criteria in 10 CFR 35.50, “Training for Radiation Safety Officer and Associate Radiation Safety Officer.”

There have been no changes in the board's certification procedures since 2006 and no anticipated changes that could affect the recognition status.

4) Confirm that there have been no changes in the board’s certification procedures that could affect the recognition status.

This letter does not contain proprietary information in accordance with 10 CFR 2.390.

Please send a request to Michael Canino, Executive Director (director@aahp-abhp.org) if there is any further information required at this time. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Canino". The signature is fluid and cursive, with the first name being more prominent.

Michael Canino
Executive Director, the American Board of Health Physics (ABHP)
