Re: Termination of License Number 45-31333-02

Quinn Consulting Services, Incorporated has decided to terminate our license for the reason that we have not been awarded any work at any time since receiving the license that required us to possess nuclear density/moisture gauges in any area under the jurisdiction of the NRC and we have no upcoming work that will require the use of nuclear density/moisture gauges in areas under the jurisdiction of the NRC. Please find enclosed a copy of NRC Form 314 that certifies that we have never procured or possessed any radioactive materials under this license. If any additional information is required for the successful termination of our license, please reach out to our Radiation Safety officer, John Vicinski Jr. either by email at jvicinski2@quinn-consulting.com or by cell phone at (703) 424-4248.

Kind Regards,

John Vicinski Jr.

Radiation Safety Officer
