## Assignment of Agent for NRC Licensing

Dear Mr Campbell

SCK CEN has a contract with BWX Technologies (BWXT) to provide HEU driver fuel assemblies for the BR2 reactor. Through a BWXT procurement process, we are pleased to announce that SCK CEN has identified ALARA Logistics, hereinafter referred to as ALARA, to be our appointed Agent for export licensing matters for the US NRC, and as the selected transporter for SCK CEN's HEU fuel assemblies from BWXT to SCK CEN site in Mol, Belgium.

The above activities cover the export and transport of up to 255 BR2 Reactor HEU driver fuel assemblies which are expected to shipped in the timeframe of 2023-2029.

In the event of necessary changes to this assignment, SCK CEN will notify ALARA in writing.

Thank you for your support.

Sincerely

Eric van Walle  
Director-General
