Subject: Summary of April 8 NRC/NNEPA call
Date: Monday, April 11, 2022 2:13:00 PM

Hi Everyone,

Below is a summary of our call on Friday, April 8. Please chime in if I missed anything.

Attendees: Lee Anna Martinez, Dawn Begay, Jessie Quintero, Christine Pineda, Sandra Talley, Joe O'Hara

1) EIS status

Christine provided an update on the EIS – we are addressing agency comments. The final EIS should be published at the end of May, at around the same time as the revised Safety Evaluation Report. The record of decision (ROD) for the EIS and the licensing decision are expected at the end of June. Lee Anna asked whether we would address the NNEPA comment regarding how NNEPA comments are attributed in the EIS table at the end of Appendix B. **Update:** As requested, individuals' names have been removed from rows indicating comments received from NNEPA (from sources other than transcripts). Just NNEPA or NNEPA Superfund Program will be identified for those submittals.

2) Programmatic Agreement status

Christine provided an update on the development of the PA, which the NRC sent to the parties for signatures on April 4.

3) Other items (e.g., questions about the final EIS)?

Christine and Jessie provided an overview of the April 22 Commission briefing at the Hilton Garden Inn in Gallup on the Navajo 10-Year Plan, explaining that there will be two panels with speakers from different organizations (Navajo Nation, NRC, EPA, and others. In response to a question from NNEPA staff, we explained that we (NRC staff) were not at liberty to inform NNEPA staff before now about the briefing because the briefing is a Commissioners' event and is being organized by the Commissioners' Office of the Secretary (which we refer to as SECY); i.e., this is not an NRC staff meeting. Lee Anna asked if seats could be reserved for Dariel and herself, and Jessie confirmed that yes, seats will be reserved for them.
