Radiation Safety Officer
Curators of the University of Missouri
c/o Environmental Health & Safety
900 East Stadium Blvd., Suite 180
Columbia, MO 65211

Dear Mr. Register:

It has been brought to our attention that Amendment No. 127 to your NRC Material License No. 24-00513-32 contained two errors.

Enclosed is a corrected copy that eliminates the second comma after "6.B." in Condition No. 11.B. The identity of materials in Subitem No. 6.Q. appears as "6.R." on Condition No. 11.B. This has been changed to "6.Q."

We apologize for these errors and for any inconvenience they may have caused you.

If you have any questions concerning this amendment please contact me at either (630) 829-9841 or (800) 522-3025, ext. 9841. My fax number is 630-515-1078. My email address is colleen.casey@nrc.gov.

NRC's Regulatory Issue Summary (RIS) 2005-31 provides criteria to identify security-related sensitive information and guidance for handling and marking of such documents. This ensures that potentially sensitive information is not made publicly available through ADAMS, the NRC's electronic document system.

Pursuant to NRC's RIS 2005-31 and in accordance with 10 CFR 2.390, the enclosed license is exempt from public disclosure because its disclosure to unauthorized individuals could present a security vulnerability.

The RIS may be located on the NRC Web site at: <http://www.nrc.gov/reading-rm/doc-collections/gen-comm/reg-issues/2005/ri200531.pdf> and the link for frequently asked questions regarding protection of security related sensitive information may be located at: <http://www.nrc.gov/reading-rm/sensitive-info/faq.html>.

A copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS).

The enclosed document contains sensitive security-related information.
When separated from this cover letter this letter is uncontrolled.

[REDACTED]

C. Register
